

Bill Spitzer & Associates offers custom grout pump packaged solutions that come fully equipped with everything you need to help improve the quality, efficiency, and reliability of your job. Delivered directly to your jobsite, our pumping solutions offer unmatched advantages for both contractors and end users while minimizing stress and risk.

Additionally, our best-in-class team of experts and technicians will be onsite to help select the best material for your job and budget, devise a proper schedule and plan, and supervise the job start to finish. With Bill Spitzer and Associates' legacy of expertise there every step of the way, you can be confident your job will be completed successfully and with the highest level of professionalism.

THE WIDESPREAD AND SIGNIFICANT BENEFITS OF PUMPING INCLUDE:

COST REDUCTION

Improved manpower allocation

Schedule gain and increased installed quantities

SIGNIFICANT SAFETY IMPROVEMENTS

Less movement and mess around jobsite and equipment

Reduced heavy lifting of buckets during placement

ADDED FLEXIBILITY

Mixing performed in less congested areas further from equipment

Reach difficult or elevated areas where traditional methods fall short

MORE ORGANIZED & EFFICIENT JOB SITE

No need for headboxes, engineered scaffolding, wheelbarrows, or buckets

Significantly less cleanup of concrete, base, and equipment
